All capitalized terms that are not defined herein are defined in Carrier's F.E.R.C. 1.1.0. Rules and Regulations Tariff, or the then-effective reissue thereof. Transportation under these Tariffs to the specified Delivery Point shall cease at the point at which Product is delivered to the inlet flange of the facilities interconnected to the Pipeline at the Delivery Point.

(1) Not yet in service

(2) Reserved

(3) Also an In-Transit Point for storage

(4) During Prorationing Months each of the Uncommitted Rates shall be [U] one cent (\$0.01) less than the corresponding Committed Rates for each respective service route. The Uncommitted Rates posted hereunder are subject to adjustment annually as of each July 1 in accordance with the mechanism set forth in FERC regulation 18 C.F.R. § 342.3, or any successor thereto.

(5) The Committed Rates are subject to annual escalation adjustments as provided under the TSA and T&D Agreements.

(6) This Committed Rate shall be the Throughput Fee used in calculating a Volume Incentive Shipper's Deficiency Payment, as applicable.

(7) An incremental pump-over fee of [I] ~~\$0.10~~ \$0.1020 cents per Barrel will be assessed, in addition to the applicable Uncommitted or Committed Rates set forth herein, for any Barrels that are delivered to these Delivery Points. This fee is subject to adjustment annually as of each July 1 in accordance with the mechanism set forth in FERC regulation 18 C.F.R. § 342.3, or any successor thereto.

(8) An incremental injection fee of [I] ~~\$0.05~~ \$0.0510 cents per Barrel will be assessed, in addition to the applicable Uncommitted or Committed Rates set forth herein, for any Barrels that are accepted for transportation at these Origin Points. This fee is subject to adjustment annually as of each July 1 in accordance with the mechanism set forth in FERC regulation 18 C.F.R. § 342.3, or any successor thereto.

(9) Transportation service provided by Carrier under these Tariffs does not include terminalling service past the inlet flange of the terminal facilities at the Delivery Point. Such terminalling service (including, but not limited to storage, marine loading, etc.) may be available for an additional fee from other Persons besides Carrier.

Intrasystem Transfers shall be subject to a [I] ~~\$0.0075~~ \$0.0077 cent fee (the "Intrasystem Transfer Fee"), to be assessed in addition to Uncommitted or Committed Rates for Intrasystem Transfers transacted an Origin Point. This fee is subject to adjustment annually as of each July 1 in accordance with the mechanism set forth in FERC regulation 18 C.F.R. § 342.3, or any successor thereto.
